new colours*

The new 5000 Series – the Supernatural range, has been inspired by nature after Caesarstone recognised growing international trends for natural wood, earth and stone colours. The nature-inspired designs give the surfaces the look of natural stone in earthy tones, with its rich texture-like appearance similar to that of a classic marble look. So not only is the 5000 Series aesthetically stunning, it also benefits from the durable qualities Caesarstone's quartz surfaces possess.
