CRL - the home of Caesarstone UK

WELCOME TO THE FIRST EDITION OF K&B INSTALLER

K&B Installer is a new quarterly publication packed full of products for the Kitchen and Bathroom Professional, incorporating Hardware, Fittings, Tools and Accessories from our Glass and Stone product ranges. You may have previously received a copy of our Stone Product Showcase, featuring our range of Stone Tools and Accessories, and Caesarstone Quartz surfaces.

If you're not familiar with our range of Glass Hardware and Fittings it may be of interest to know that CRL is the world's largest supplier of Frameless Glass Shower products! Take a look at our 'Create the Perfect Bathroom' feature on pages 04-07 for an insight into the range.

You can shop online for our products via crlaurence.co.uk, if you specifically require stone products please visit crlstone.co.uk. Additionally if you are interested in Caesarstone please visit caesarstone.co.uk

We hope you find this of interest.

NEW

SQUARE SUPPORT BAR

& ACCESSORY FITTINGS

- New square tubing matches the geometry of many popular CRL hinges
- Provides fixed panel support for enclosures not going to the ceiling
- No hole drilling required in glass

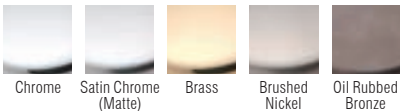

SPECIFICATIONS:**Materials:** 19mm Square Tubing, Solid Brass Fittings**Bar Length:** 1.5m**Glass Thickness Range:** 6 to 12mm

Our new Square Support Bar compliments many CRL square corner style hinges. The Bar stabilizes fixed panels of glass in enclosures that do not go to the ceiling. After ordering the Bar itself, choose from a number of various Fittings to complete the desired application. The Fittings come with nylon-tipped set screws that secure the glass and prevent metal-to-metal contact. Finishes are available to match many popular decors. No holes or cut-outs are required in the glass.

FINISHES

Most models are stocked in the finishes shown here, others are available on special order.

SQUARE STANDOFFS ALSO AVAILABLE

CAESARSTONE LAUNCH SUPREMO,
**THE ONE-OF-A-KIND
COLLECTION**

Exclusive and elegant, Supremo is a new premium collection that blends an exceptional design with innovative technology. Creating a new sphere in the quartz industry, Supremo proudly delivers a natural, exclusive look supported by the added quality and guarantee of quartz.

Unique and stylish, distinctly different from any other quartz surface in the market, each slab is a one-of-a-kind creation and comes in its own unique flow of colour and pattern, no two slabs are the same. Supremo offers a range of six spectacular colours in the UK; Swan Lake, Black Knight, Queen of Hearts, Shining Armor, Fair Lady, and Queen of Sheba, some of which are translucent and can be backlit for creating a soft, atmospheric effect.

Halcyon Interiors are the first to show Supremo, the stunning new surface from Caesarstone. Swan Lake was chosen to be the final touch for the Alno Store Classic Kitchen, 120 Wigmore Street, London.

Graham Robinson, Wigmore Street Showroom Manager commented:

"We are delighted to be the first showroom to display Caesarstone's new Supremo range. The product looks fantastic and completely different to any other Quartz surface I've seen. Many of our clients have already seen it and love it just as much as I do"

The Supremo collection offers premium, luxury quartz surfaces, requiring minimal maintenance. The collection is heat, stain and scratch resistant, in full compliance with Caesarstone's quality and environmental global standards.

Supremo, Caesarstone's 'Royal' collection is available in 20mm thickness with a polished finish. For further information, please refer to www.caesarstone.co.uk

Collections

Caesarstone has four collections, the Popular 'Classico' colour range, 'Supremo' the one-of-a-kind collection, 'Motivo' with a unique and textured finish and 'Concetto' a semi-precious stones collection. Caesarstone's quartz surface collections are ideal for virtually any interior surface from kitchen countertops and bathroom vanities to wall panelling and interior furniture.

All Caesarstone's quartz surface products are manufactured from up to 93% quartz (one of nature's hardest minerals) and high-quality polymer resins and pigments that are compacted under intense vibration, vacuum, and pressure into dense, non-porous slabs. Caesarstone's quartz slabs are then post cured, gauged to precise thicknesses, and polished to an enduring shine. This results in surfaces that retain the

cool, tactile qualities of natural stone while offering design freedom with almost unlimited application possibilities.

Although long used for the finest residential countertops, Caesarstone also offers an attractive and versatile finish for commercial and institutional buildings. Our quartz surfacing is tough enough for wear and tear on virtually any interior surface, and attractive enough for any design inspiration.

Did you know?

Caesarstone's quartz surfaces are non-porous, never need sealing and require minimal maintenance to keep them looking like new. The hard, non-penetrable surface makes cleaning simple and in most cases, soap and water or a mild detergent are all that are required to maintain its lustre.

Caesarstone's 'Classico' collection has a popular colour pallet with 28 colours to choose from in the UK. Caesarstone is continually developing new colours and using new technology to produce truly unique quartz surfaces.

Caesarstone surfaces comply with ISO 14001, the international standard for environmental preservation regulations.

CAESARSTONE ON THE HIGH SEAS

Caesarstone surfaces can be found in homes across Australia, many with magnificent panoramic views of the ocean, and yet none are able to match the spectacular sights offered by the Caesarstone galleys featured in luxurious Palm Beach Motor Yachts.

The newest motor yacht model - the PB 55 - offers clients the opportunity to incorporate custom built interiors using Caesarstone galley bench tops, vanities and other preparation surfaces.

Mark Richards, Founder and Owner of Palm Beach Motor Yachts, was in pursuit of quality and refinement when he came across Caesarstone: "These surfaces were chosen for their timeless aesthetic quality, robust nature and durability."

"timeless aesthetic
quality, robust nature
and durability"

New colours for 2012...

Caesarstone has created a new and unique collection of colours to complement their existing range.

The new colours include: Crème Brule 4255, Shitake 4230, and Cocoa Fudge 4260.

To see the complete range of colours visit caesarstone.co.uk

- Caesarstone is a beautiful engineered quartz stone which comprises approximately 93% natural quartz
- Caesarstone is ideal for virtually any interior surface from kitchen countertops, bathroom vanities and stairs, to wall panelling and interior furniture

CRL AKEMI® DARKENER SUPER

Especially suited for colour enhancement of dark and black stone (such as Nero Assoluto, Impala black and Galaxy). Weather-resistant product with a long-term effect for indoors and outdoors. Damaged areas (e.g. hairline cracks) can be treated. The surface thus obtains a homogeneous appearance. Especially suited for fine ground and polished stones.
