

NEW! SERENITY SERIES SLIDING DOOR SYSTEM

- Unique System With Rollers Above the Header Support Bar
- System Features One Sliding Door and One Fixed Panel
- Use of Minimal Hardware Gives Door an Almost Floating Appearance
- Specially Designed Roller Bearings Allow Easy Opening and Closing of Door
- Accessory Kit Available for 90 Degree Return Panels
- For 5/16" or 3/8" (8 or 10 mm) Thick Tempered Glass
- Choice of Durable Polished or Brushed Stainless Steel Finishes

Our New Serenity Series Sliding Door System has an entirely different look from traditional sliding shower door systems. The use of minimal hardware provides a frameless look that gives the enclosure an almost floating appearance. Specially designed roller bearings allow for quiet, easy opening and closing of the door. This unique roller system operates above the header support bar that spans the top of the enclosure.

One sliding and one fixed panel make the 180 Degree Standard Kit beautiful and practical. The Kit includes all items pictured to the right, with the exception of the 90 Degree Accessory Kit. The durable polished or brushed stainless steel units will work with 5/16" or 3/8" (8 or 10 mm) thick tempered glass (not included).

SPECIFICATIONS:

Glass Thickness Range: 5/16" or 3/8" (8 or 10 mm)
Tempered Safety Glass (Not Included)

COTTAGE SERIES SLIDING DOOR SYSTEM

Frameless Sliding Bypass Shower Door Kits

- Stock Kits in Four Finishes, with a Choice of Metal or Clear Jamb
- Custom Inline and Angled Kits Made to Your Specifications
- Extrusions and Hardware Also Available as Separate Components

Cottage Series Frameless Sliding Shower Door Kits are easy to install with smooth gliding bolt-through top hangers, no waiting for messy adhesives to dry. Individual supplemental extrusions and hardware components are available to convert a standard kit into an angled enclosure or wider inline unit for a customized look.

CK Series with Clear Side Jamb

No vertical metal for the popular "all-glass look". Smooth gliding top hung hidden rollers makes for easy cleaning.

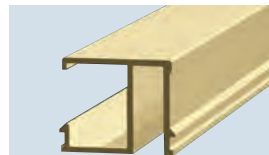

DK Series with Metal Side Jamba

Utilizes metal side jamba for a more traditional appearance. Bolt-through top hangers allow for immediate installation.
