

NEW! CRL FALLBROOK SERIES OFFICE PARTITION SYSTEM

- Accommodates 5/16", 3/8", and 1/2" (8, 10, and 12 mm) Monolithic Tempered Glass Doors and Sidelite Panels
- Slim Profiles Produce Maximum Transparency
- Door Hinges and Lock Hardware (Sold Separately) Available to Exclusively Fit Fallbrook Frames

The **NEW Fallbrook Series Office Partition System** allows the creation of attractive office partitions using monolithic tempered glass doors and panels, or upgrading to the **XL Series** so that monolithic tempered glass can be used on the doors, but insulating glass can be used on the fixed panels to reduce sound transmission and keep noise to a minimum. The front load dry glazing does not have exposed fasteners, and the narrow profile frames allow creation of a 'floating' appearance, thus providing more of the 'all-glass' look desired by more designers and architects who want to minimize the hardware and expose more glass. The Standard Fallbrook Series System, is available in two kit choices, either door-to-wall or door-to-glass. Kits accommodate 5/16", 3/8", and 1/2" (8, 10, and 12 mm) thick glass doors.

For additional information, please visit us online at crlaurence.com/office-partitions or contact Technical Sales at (800) 421-6144 in the U.S., (877) 421-6144 from Canada, or (323) 588-1281 International. Ask for extension 7770. You can also send email to partitions@crlaurence.com.
